47th Annual Meeting
Omni William Penn Hotel
March 18, 2011

7:00 a.m. Registration and continental breakfast, Grand Ballroom 17th Floor

Morning Session- Monongahela Room

7:25 a.m. Welcome & Announcements
Norman L. Edelstein, M.D., President, Presiding

7:30 a.m. Shazhad Mian, M.D. Permanent Keratoprosthesis: Alternative to Keratoplasty

Objective: Following this presentation attendees will be able to identify the patient indications for permanent keratoprosthesis and to appropriately assess the complications associated with permanent keratoprosthesis to assure quality outcomes

8:15 a.m. Steven Newman, M.D. Neuro-Ophthalmology diagnoses not to miss

Objective: following this presentation attendees will be able to recognize the most common causes of misdiagnoses leading to medical legal action in neuro-ophthalmology, specifically giant cell arteritis and missed pituitary tumors; understand the importance of visual field testing and assessment of the afferent visual pathways and become aware of the importance of excluding restrictive strabismus as a cause of double vision.

9:00 a.m. Carmen Puliafito, M.D.. What's new in the management of Wet and Dry Macular Degeneration in 2011

Objective: following this presentation attendees will be able to outline the latest treatment modalities for wet and dry forms of ARMD in addition to describing the latest biotechnological advances to curb visual loss related to Macular Degeneration.

9:45 a.m. Refreshment Break - Ballroom

10:15 a.m. Shazhad Mian, M.D. Femtosecond Laser assisted Corneal surgery

Objective: following this presentation attendees will be able to identify the indications for use of femtosecond lasers for corneal surgery and to assess outcomes of femtosecond laser assisted corneal surgery

11:00 a.m. Steven Newman, M.D. Cavernous sinus and the Ophthalmologist

Objective: following this presentation attendees will be able to recognize the most common ophthalmic manifestations of cavernous sinus involvement while being aware of alternative diagnostic procedures that may help, specifically identify cavernous sinus pathology and explain the importance of checking the trigeminal nerve function as part of every ophthalmic examination

11:45 a.m. Carmen Puliafito, M.D. Introduction of Thorpe Lecture

Optical Coherence tomography, 20 years of progress: How imaging has revolutionized the practice of Ophthalmology

Objective: following the presentation attendees will be able to describe the improvement in the underlying OCT technology that has led to better understanding of the pathophysiology of a variety of ophthalmic diseases and outline the pathophysiology of several of these diseases

12:30 p.m. **Presentation to Dr. Puliafito by Dr. Edelstein (followed by lunch)**

Afternoon Session- Monongahela Room

Michael Azar, MD – Presiding
President Elect, Pittsburgh Ophthalmology Society

1:30 p.m. **Shazhad Mian, M.D. Advances in Endothelial Keratoplasty**

Objective: following this presentation attendees will have learned to identify trends in endothelial keratoplasty and describe the appropriate outcomes of endothelial keratoplasty

2:15 p.m. **Steven Newman, M.D. Pituitary tumors and the Ophthalmologist**

Objective: following this presentation attendees will have a better understanding of the clinical spectrum of visual symptoms related to pituitary tumors and explain the critical importance of visual field testing while learning to obtain an appropriate endocrine history and order lab studies coinciding with that history and exam

3:00 p.m. **Kenneth P. Cheng, M.D. Update from the Pennsylvania Academy of Ophthalmology**

3:15 p.m. **Refreshment Break – Ballroom**

3:30 p.m. **Carmen Puliafito, M.D. Management of Retinal Vein Occlusions and Diabetic Retinopathy: Current Treatment Options**

Objectives: following this presentation attendees will be able to detail the standard of care in the treatment of retinal vascular disease and describe the latest results in randomized clinical trials and then make use of the optimal combination therapy.

4:15 p.m. **Edward J. Kabala, Attorney at Law**

Welcome to the brave new world of temporary tax planning or ‘another lawyers’ and accountants’ relief act’

Objective: following this presentation attendees will be able to review their current tax plan and determine appropriate changes for their circumstances and assure that the changes will be put into place for the best outcome

5:00 p.m. **Adjourn**

6:30 p.m. **Cocktails and Dinner ⌘ *Duquesne Club***
325 Sixth Ave, Pittsburgh, PA 15222

Accreditation statement: Allegheny General Hospital is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

Joint Sponsorship Accreditation Statement: This activity has been planned and implemented in accordance with the Essentials Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of Allegheny General Hospital and the Pittsburgh Ophthalmology Society.

Credit Designation Statement: Allegheny General Hospital designates this continuing medical education activity for a maximum of 7.5 credit hours in Category I of the Physicians Recognition Award of the American Medical Association and the Accreditation Council for Continuing Medical Education. Each physician should claim only those hours of credit that he/she actually spent in the educational activity.

Faculty Disclosure Statement: All faculty participating in continuing medical education activities sponsored by Allegheny General Hospital are expected to disclose to the audience whether they do or do not have any real or apparent conflict(s) of interest or other relationships related to the content of their presentation(s).

The Annual Spring Meeting (physician program) and all other continuing medical education programs sponsored by the Pittsburgh Ophthalmology Society will be open to physicians and physicians in training only. The continuing medical education programs sponsored by the Society are intended for an audience of participants with a prerequisite medical education. CME credits will be awarded only to the intended audience.
