

CE #: 806

Origination: 5/2016

Revised Dates:

This clinical guideline is a collaborative care plan and is not intended to construed or to serve as a standard of medical care. Rather, it is intended as a guideline to promote coordination and communication with respect to patient care and may be modified to meet individual care needs. For additional information please contact the Department of Clinical Effectiveness & Quality at 412/692-7645. ©Children's Hospital of Pittsburgh of UPMC, 2014
